Throughout the month of May, Macy's honors the culture, historical contributions and defining spirit of Asian and Pacific Islander Americans

Join us and Svetlana Kim, entrepreneur, dignified community leader and esteemed author of *White Pearl and I: A Memoir of a Political Refugee*, as she shares her story of adversity, courage and success, and shows you the skills to create and achieve your goals.

Receive complimentary beauty tips from Shiseido and experience the newly reformulated anti-aging line, Benefiance WrinkleResist24.

Plus, free gifts, savings and more. Visit macys.com/celebrate for more information on this and other Asian Pacific American Heritage events.
